THE ULTIMATE BUYERS GUIDE

EST 2006

OVER 20 YEARS OF INNOVATION

novacaravans.com.au

'For almost 50 years, I've had the privilege of being part of Australia's caravan industry. Throughout that time, I've always believed that what we offer our customers is far more than a caravan—we help make lifelong dreams and unforgettable adventures a reality.

When we founded Nova Caravans in 2006, our goal was to build Australian-made caravans that set new standards in quality, innovation and craftsmanship. Today, that same passion continues to drive everything we do.

While we've embraced new technology and advanced manufacturing, our focus has never changed. Every Nova Caravan is built with our customers in mind, delivering exceptional quality, safety and reliability so you can travel with complete confidence.

Whether you're planning your first getaway or your next great adventure, our award-winning range has been designed to help you explore Australia in comfort and style.

Thank you for considering Nova Caravans. We look forward to welcoming you to the Nova family.

Because you deserve the very best.'

Robert Cataldo

WELCOME TO NOVA CARAVANS

For over 20 years, the Cataldo family has been designing and building NOVA Caravans that are made for the way Australians love to travel.

From the first sketch to the final stitch, every Nova is crafted with care, built tough for our country and backed by a team that's with you long after you leave.

This is more than a caravan.
It's your home away from home.

REVIVOR TOURING

WHERE YOUR JOURNEY BEGINS

The Nova Revivor is the perfect introduction to the Nova lifestyle, combining contemporary design, premium comfort and outstanding value in a touring caravan built for Australian adventures. Designed for couples and families alike, the Revivor delivers everything you need to travel with confidence, whether you're exploring the coastline, country towns or iconic destinations around Australia.

Built with Nova's renowned ECO~TUFF timber-free construction, the Revivor offers exceptional strength, durability and insulation while maintaining a lightweight, practical design for effortless touring. Inside, you'll find a spacious, modern interior featuring quality appliances, intelligent storage solutions and stylish finishes, creating a true home away from home.

Available in a wide range of thoughtfully designed floorplans, the Revivor can be tailored to suit the way you travel. Whether you're embarking on weekend escapes or extended adventures, every journey is made more comfortable with Nova's commitment to quality, craftsmanship and innovation.

Proudly Australian-made and backed by over 20 years of manufacturing excellence, the Revivor is built to help you create lasting memories, discover new destinations and experience the freedom of the open road.

BRAVO OFF ROAD

BUILT FOR EVERY ADVENTURE.

The Nova Bravo has evolved into a true off-road caravan, purpose-built for Australians who want the freedom to explore without compromise. Available in a range of thoughtfully designed **couples and family layouts**, the Bravo combines rugged capability with premium comfort, allowing you to venture further with confidence.

Engineered and manufactured in Australia, the Bravo features Nova's renowned ECO~TUFF timber-free construction, advanced power systems, premium suspension and a host of practical features designed to handle Australia's diverse conditions. Whether you're travelling remote outback tracks, coastal escapes or alpine landscapes, the Bravo is built to perform wherever your adventures take you.

Inside, you'll discover a spacious interior with quality finishes, intelligent storage solutions and the flexibility to personalise your caravan to suit your lifestyle.

Every detail has been carefully considered to deliver exceptional comfort, functionality and durability.

More than just a caravan, the Nova Bravo is your home away from home—a place to create unforgettable memories with family and friends while enjoying the freedom to explore Australia's most spectacular destinations.

TERRA SPORTZ X-TREME OFF ROAD

GO BEYOND THE ORDINARY.

The Nova Terra Sportz is our most capable, award-winning X-Treme Off Road caravan, purpose-built for travellers who refuse to let the road define their destination. Designed to conquer Australia's toughest terrain without sacrificing comfort, the Terra Sportz delivers uncompromising performance, luxury and confidence wherever your adventures take you.

Engineered and manufactured in Australia, the Terra Sportz features Nova's advanced ECO~TUFF timber-free sandwich construction, providing exceptional strength, durability and insulation. Combined with stage 4 automatic air bag suspension, disc brakes, a heavy-duty off-road truss chassis, high-capacity lithium power systems and advanced solar capability, it's built to take you further off the grid and keep you there longer.

Inside, the Terra Sportz offers a premium living experience with contemporary interiors, quality cabinetry, spacious layouts and an extensive range

of customisation options. From luxurious finishes and intelligent storage to premium appliances and modern technology, every detail has been designed to deliver the comfort of home—no matter how remote your destination.

Whether you're crossing the Outback, exploring rugged mountain ranges or discovering hidden coastal escapes, the Nova Terra Sportz is built to handle Australia's most demanding conditions while providing the confidence to travel beyond the ordinary.

For those who seek true adventure without compromising on comfort, capability or quality, the Nova Terra Sportz sets the benchmark in X-Treme Off Road caravanning.

THE PRIDE OF THE FLEET

The Nova Pride Platinum ECX 48V represents the pinnacle of Australian caravan innovation, luxury and engineering. As the flagship of the Nova range, it has been meticulously designed for travellers who demand the very best in comfort, technology and performance. Featuring an advanced 48V all-electric power system, premium appointments and sophisticated design throughout, the Pride Platinum delivers an exceptional touring experience without compromise. From its spacious, luxurious interior and contemporary finishes to its intelligent off-grid capabilities and cutting-edge technology, every detail has been carefully considered to redefine what's possible in modern caravanning. Built for discerning travellers who expect excellence, the Pride Platinum ECX 48V is more than a caravan—it's the ultimate expression of luxury, innovation and the Nova commitment to quality.

VITA LIMITED EDITION

HONOURING OUR HERITAGE

The VITA is more than a caravan – it's a cornerstone of Nova's history. Originally named in honour of Vita Cataldo, mother of Nova Caravans founder Robert Cataldo, the VITA became one of the brand's most loved and top-selling models. Known as the queen of the family, Vita embodied strength, warmth, and unwavering support – qualities that inspired the creation of one of Nova's iconic caravans.

To celebrate our 20th Anniversary, we proudly bring the VITA back.

Reimagined for a new era and built with the same heart and legacy that made it a customer favourite, the 2026 VITA blends modern styling with a rich family story.

HISTORY - OUR STORY

Established in 2006, Nova Caravans was founded by Robert Cataldo, whose passion for the caravan industry began in 1981. With decades of experience and a vision to build something different, Robert set out to create a range of luxury Australian-made caravans that combined contemporary European-inspired design with the strength and durability required for Australia's unique conditions.

OUR HISTORY

From humble beginnings in a small factory on Rex Road, Campbellfield, Nova quickly earned a reputation for exceptional quality, craftsmanship and innovation. As demand continued to grow, the business expanded rapidly, relocating several times before investing in a purpose-built manufacturing facility to support its long-term vision.

In 2013, Nova opened its state-of-the-art manufacturing headquarters in Campbellfield, Victoria. Purpose-built to meet increasing demand, the facility brought together skilled craftsmen, modern manufacturing processes and industry-leading technology, enabling Nova to continue delivering premium caravans to customers across Australia.

Innovation has always been at the heart of Nova Caravans. As technology, customer expectations and the industry have evolved, so too has Nova. Through continuous investment in design, engineering and advanced manufacturing, the company has remained committed to producing caravans that deliver exceptional quality, safety and performance.

In 2020, Nova expanded its expertise by partnering with Emu RV, applying its renowned craftsmanship to the manufacture of premium boutique motorhomes. Today, two decades later, Nova Caravans remains proudly Australian Made, family owned, and committed to building caravans that inspire adventure for generations to come. Every Nova reflects the company's dedication to innovation, quality and customer satisfaction.

Nova's commitment to excellence has been recognised across the industry, receiving the Caravan Trade & Industries Association of Victoria (CTIAV) Manufacturer of the Year Award in 2017, 2018 and 2023, while also being named a finalist in 2016, 2019, 2024, 2025 and 2026. These achievements reflect the passion, dedication and craftsmanship of the entire Nova team and continue to drive our pursuit of excellence.

FACTORY TOURS

We invite you to step behind the scenes and discover how a Nova Caravan is made at our state-of-the-art manufacturing facility.

See firsthand the craftsmanship, innovation and attention to detail that goes into every Nova, and discover why so many Australians choose Nova Caravans for their adventures.

Meet the skilled people behind our caravans, learn about our construction process, and explore the many options available to create a caravan that suits the way you want to travel.

Factory Tours are held every Friday at 1:00pm by appointment.

To book your tour, email factorytours@novacaravans.com.au

Come and see where your next adventure begins.
